THE WORLD NEVER BEFORE SAW SUCH A MASS OF HOME TESTIMONY GIVEN TO ANY OTHER MEDICINE. Hampton's Vegetable Tincture!

THE GREAT DISCOVERY OF THE AGE!

READ! READ! READ! Joy to the World !- Hope for the Afflicted !- More Testimony from Home!

Testimony from Home!

RATIMORE, Sept. 11, 1851.

Messrs. Mortimer & Mowbray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Tincture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accompanied with palpitation and fluttering of the heart. I had such sudden attacks that on one occasion I could scarcely get home. I making mention of my case to a friend, he referred me to Joseph B. Staplaton, easy, an old and highly respectable citizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Stapleton, and, after an interview of some minutes, I was fully satisfied of the medical virtues of the Tincture, from the evidence before me, of his own person, who, for some time previous; indicated a falling state of health, but now a hearty, hale appearance, with the activity of youth. I immediately commenced using the Tincture, and, before I took the contents of one bottle, my strength was renewed, and I can walk as brisk and am as active as I was tensively years upo. This Tincture is the grand restorative of the digestive organs, which when destroyed, the whole system is in a state of suffering.

I do assert it is no humbug, but is, in reality, what it is represented to be by Dr. Hampton, the inventor.

Wonderful Cure of Hereditary Scrofula by Hampton's Vegetable Tincture! ton's Vegetable Tracture:

This certificate is from the perr of a gentleman whose name appears on the journal of Congress, one who is extensively and favorably known:

name appears on the journal of conjugate that Dr. Jesse Hampton's sively and favorably known:

"It affords me pleasure to state that Dr. Jesse Hampton's Tincture has effected a most extraordinary cure of my slave boy, Albert. The patient was three years old, and had the Scrofula—(his father was scrofulous.) The boy was a moving mass of sores from head to foot; the upper lids of the eyes were much swollen, and turned inside out, exhibiting horrible mattering ulcers that protruded over the eye-balls so as to produce blindness. It is strange, yet true, this child, that I felt resigned to see die as a relief from suffering, has been restored to health under the treatment of Dr. Hampton.

"W. P. THOMASSON. "Louisville, March 20, 1851."

REV. VERNON ESKRIDGE, U. S. N. Greater weight of Testimony cannot be given.

PORTSMOTH, VA., Aug. 18, 1851.

Mr. J. B. Boush—Dear sir: While I am, in general, opposed to patent medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family: and in dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy. extends, therefore, I take afflicted as a safe and effi-Hicted as a safe and efficient remedy.

I am, respectfully, yours,

Chaplain United States Navy.

Still another Witness for "Hampton's Vegetable

Still another Witness for "Hamplon's Vegetable Tincture!"

This certificate is from one of our largest and most enterprising farmers—the owner of those splendid oxen exhibited at the late Agricultural Fair, and who, in person, did the ploughing, with the same, that took the premium. We mention this, as, before Mr. Horne took the Tincture, his condition was such as to despair of even visiting the Eair, much less taking such a laborious part as he did, to the astonishment of those who had seen his state a short time before: BALTIMORE, Feb. 4, 1852.

Messrs. Mortimer & Movebray—Egs. 18: Having been afflicted with Chronic Inflammatory Rheumatism for some time, in its worst form, I tried every remedy that came within my reach, without any success; in fact, my sufferings increased with every new remedy I tried, until I was scarcely able to walk, from the dreadful pains and swelling in my limbs. I had also an ulcer formed on my right wrist, which gave me intense pain.

in my limbs. I had also an ulcer formed on my right wrist, which gave me intense pain.

When in this condition, Mr. Scott, Conductor on the Susquehanna Railroad, with several others, called my attention to the many wonderfulcures made by Hampton's Vegetable Tineture. I determined to give it a trial, as a last resort. You well remember my sufferings at the time I got the Tineture from you—they were almost past endurance. I am happy now to inform you that, in a short time after taking it, I was relieved from pain, and could walk without difficulty, and in about four weeks I was enabled to take part in the ploughing match at our late Agricultural Fair. The ulcer on my wrist is now entirely cured, and I am in the enjoyment of the very best health, with no symptoms of my old disease; all of which I feel bound to say I owe to the great healing and restorative qualities of Hampton's Vegetable Tincture.

My great confidence in it has induced me to recommend it to others, and I have also seen its good effects in a num-

to others, and I have also seen its good effects in a num-ber of cases. My little daughter had been in bad health for some time: no medicine seemed to reach her case, or to do her any good, until I gave her this Tincture of Hampton's, which soon restored her to robust health. I do therefore cheerfully bear my testimony in favor of this valuable medicine, and I wish you to send me a dozen bottles, that I may slways have it at hand. Yours, respectfully,

ELISHA P. HORNE,

Monekton Mills, Baltimore county

Stronger-Still Stronger! Can any unprejudiced mind in the world ask stronger tes-timony or more convincing proof of the great restorative and curative powers of Hampton's Vegetable Tincture than given below? Messrs. Mortimer & Monobray—General Realing and curative powers of Dr. Hampton's Vegetable Tincture. Some time during last November I was taken with a very bad and serious cough. I was advised to take God Liver Oil, and did so, but, getting no better, I was induced to try your Tincture. I got one bottle, and, before I had used it, all my cough left me. Permit me also to state, that for the last fifteen years I have suffered very much from Acute Rheumatism and Vertigo, confining me, at times, to my bed. I am fully convinced that I owe my present good health to the use of the Tincture, and a kind Providence.

You are, my friends, at liberty & use this as you may think proper; and believe me yours, very respectfully,

SUMMER ARRANGEMENT.

FARSON'S Patent Universal Refigerator.—I would respectfully call the attention of housekeepers, hotel proprietors, and others, to the Universal Refrigerator is altogether different from all others before the public, in its combinations, apartments, vessels and the philosophical principles of its construction. The action and others before the public, in its combinations, apartments, vessels and the philosophical principles of its construction. The case is made of wood, which is free from smell, and lined with a metallic surface, and its interior is of stone-ware. It is so arranged that each article of food or provision is kept entirely separate, and removed with facility. By the plan of its construction a current of cold air is in constant circulation around each vessel and within each apartment, while by a simple ventilating contrivance the complete purity of the whole apparatus is insured, thereby obviating all the old objections that have been made in every other invention for the same purpose, viz: by aveiding that liability to engender local or relative odors from the viands, meat, fish vegetables, pastry, or fruit, which may be contained therein. The convenience which it affords for retaining the purity and sweetness of good butter, particularly, cannot be surpassed, and the small quantity of fee that is required to keep everything cold, is a most economical desideratum.

The proprietor challenges the country to produce anything that will compare with it; and he guaranties to keep provisions colder and sweeter with half a peck of ice in twenty-four hours than any other Refrigerator can with a peck. The cost of the Universal Refrigerator is as low as that of the ordinary kind, and will hold more provisions. Sizes for families, boarding-houses, and hotels.

PUBLIC SALE OF LAND IN PRINCE
Auction Room, in Alexandria, on Sstarday, the 5th day of May next, a tract of land in the country of Prince William.—We shall offer for sale, in front of White's Auction Room, in Alexandria, on Sstarday, the 5th day of May next, a tract of land in the country of Prince William containing 980 acres, lying within two and a half miles of Brentsville, and five and a quarter miles of the Alexandria and Gordonsville railroad. This land has four small tenements on it, and can conveniently be divided into four or five farms. It is mostly of the red soll, and very susceptible of improvement; has a superabundance of wood, and is well watered. It is supposed that the contemplated railroad from Fredericksburg to Manassas station will pass through or near this land. The road to Occoquan and Dumfries passes through it. \$2,000 will be required to be paid in hand; on the balance, a credit of 6, 12, and 18 months will be given, the deferred payments being satisfactorily secured and bearing interest. Possession of the greater portion of the land can be given at once. Persons desirons of purchasing can be shown the land before the day of sale, on application to either of as at this place. It will be sold entire, or in lots te suit purchasers.

Elixir of Life. The Philadelphia Bulletin well says that the true clixir of life is not to be sought in medicine, out in the proper ordering of our days. There s not an hour in our whole career when we may not do something either to lengthen or shorten our lives. To live long we must avoid excesses, whether of body or mind, do our duty to our fellows, and take air and exercise; and thus, with a mind at ease, and a regular mode of life, we

may boast of having found the true clixir. Mr. Pearce's Late Speech.

SELF-EDUCATION .- Learning that is acquired at school is but the beginning of our education. It is the theory without the practice of the requirements and duties of life. It is after leaving school that we are to commence the most important part of education—self-education—the ap-plying of what others have taught us—the carrying out of what others have begun for us, our own self-improvement.

It is then, in reality, that true education begins; or whatever a man learns himself, he always knows better than that which he learns from others. Not that we should disregard the help or advice of others, for it becomes us to use all the aids and facilities we can command. But we should set ourselves at work upon ourselves to be independent.

ve must earn it also-acquire it ourselves, and e, in understanding and knowledge, become men. THE JAPANESE .- It is often said that the fear t death is the only effectual preventative of purder.
